# The Nova Series

## TASKalfa MZ10500i & MZ9500ci Series

+ A3 Color or Black and White copy, print, scan, and optional fax in one device
+ Print speeds up to 105 ppm Black and White and 80 ppm Color
+ Up to 300 ipm AI-enabled straight path scanning
+ 2400 x 2400 DPI with integrated ICC profiles
+ Dual toner container system for uninterrupted printing

The Nova Series delivers professional results for complex print and scan jobs. Featuring advanced workflow capabilities, dependable performance, and consistent color output, these devices enhance operational efficiency and cost management.

## Consistency that benefits the bottom line

Deliver stable output with built-in ICC color profiles and automatic calibration technology, supporting long runs and minimizing reprints.

## Smarter workflow integration

Fiery® and the Kyocera Production Print Suite (KPPS) make handling large print runs simple, ensuring color accuracy, easy job management, and reduced costs.

## Efficiency that supports sustainability

Empower users to operate responsibly through actionable $CO_2$ and energy-use insights paired with sustainable toner-control technology.

## Sharper, clearer color

Advanced toner formulation and ceramic-based image processing technology work together to deliver bright, vivid prints with exceptional clarity.

## Strong protection for sensitive work

Advanced security keeps information safe throughout capture, routing, and output.

## Uninterrupted print to reduce downtime

Industry-first dual toner container system and high paper capacity keep moving, reducing downtime.
